

# Truckload

G&D's fleet program provides high quality transportation management and oversight, enabling you to allocate your staff and resources on other business operations.

As an asset-based company, we have our own extensive fleet of power units, chassis, trailers, flatbeds, curtain sides and customized equipment. We maintain a fleet of over 450 trucks and 2,600 trailers and process approximately 10,000 material moves per week throughout our network. Our experienced pool of drivers ensures efficient and professional service for a wide range of transportation needs.

## Consider G&D Integrated Truckload services if you need:
